Aims and Objectives

EWACC (East-West Artists and Culture Club) was set up in 1996 to help UK and Japanese artists by providing them with opportunities to meet, establish friendships and show their works at exhibitions the club organises. Since then EWACC has been organising group exhibitions and competitions regularly in London, Japan and Paris.

Following the big success of UK-Japan Artists Exchange Group Exhibition in Japan in 2008, many artists and people asked us to continue so we are going to organise two exhibitions (in June in London and in October in Japan) in 2009 and hope to continue thereafter .

However in order to provide artists with the equal opportunity to have places of these exhibitions and to keep high standard of works' quality we will ask international judges to select exhibits in a competition style. We will award fabulous prizes for the winners. In this way we believe we can encourage all sort of artists in two countries to participate, discover hidden talents and promote understand each other 's culture.
